FOR IMMEDIATE RELEASE

Restriping for Safety on Route 111 in Indio

Indio – The California Department of Transportation (Caltrans) will begin a restriping project in Indio on State Route 111 (SR 111) between Jackson Street and Golf Center Parkway on September 27, 2004. This five-day project will provide a two-way left-turn lane for the safety of motorists accessing the cross streets along this portion of SR 111.

The contractor will begin putting up No Parking signs along the project limits as early as Friday, September 24. Lane closures needed to perform the work will be in effect from 7 AM to 5 PM Monday through Friday, September 27 to October 1, 2004. Work will include removing and replacing the striping on the street surface. The new striping pattern will permanently eliminate street parking while providing for the left-turn lane.

Caltrans thanks motorists for their patience and cooperation during this project, and reminds everyone to SLOW FOR THE CONE ZONE.
